

PizzaGate: A Comprehensive Guide

The best way to tell this story is to start learning about it in the way that it was understood by us who researched first. Rather than go in some chronological order of events that could stretch back decades – we will start with the recent Wikileaks dump of John Podesta's emails.

This article begins to detail a highly sophisticated network of child sex trafficking involving dozens of people very close to Hillary Clinton.

I have also made a nodal network map using the relationships from this article in a visual format. Take a look.

General History

A video detailing the political corruption of John Podesta. It is important to first realize the level of surface level deceit, and then learn about the motivation and the blackmail that is required to be in this kind of a political position. Also keep in mind where John competes with his brother Tony over their art collections.

[Here is a data dump](#) of global pedophile-ring implicating governments and etc. Some of this information overlaps into the web which we will discuss.

Important Foundation Information

[According to the FBI:](#)

Pedophiles, to include those who sexually abuse children as well as those who produce, distribute, and trade child pornography, are using various types of identification logos or symbols to recognize one another and distinguish their sexual preferences. To specifically indicate the pedophile's gender preference, members of pedophilic organizations encourage the use of descriptions such as "boylove" , "girllove", and "childlove." These symbols have been etched into rings and formed into pendants, and have also been found imprinted on coins.

They are known for purchasing “awkward” works, such as video installations, that many other private collectors will not consider. “It’s easy to store them, but difficult to display them,” says Podesta. To get round the problem, he and his wife have excavated a huge subterranean vault beneath their house outside Washington – a white space 5m square and 4m high in which it will be possible to show “very complicated video pieces” on all four walls.

The video embedded above depicts the bizarre nature of the ceremony. Abramovic mixes together thickly congealed blood as the “recipe” for the “painting,” which is comprised of the words, “With a sharp knife cut deeply into the middle finger of your left hand eat the pain.”

Another image shows Abramovic posing with a bloody goat’s head – a representation of the occult symbol Baphomet.

The pictures right: Tony's ninth-floor office at PodestaMatthews deliver us unusual welcome. A mix of surreal computer-generated photographs by Dutch artist Marg Geerlings, and a series of photographs of Abramovic herself. She leaves a boy seemingly born from a sewing machine. Another finds a young girl knitting her own hair. A third has a naked woman immersed in blood-red liquid.

It's not hard to imagine the job that executives from blood ceremony such as Generation or Fervor get when they walk into the room – and they're clients.

“Some people think it’s a little weird,” Tony says of his clients. “But that’s their problem.”

Steeped in liberal politics, Tony favors art with in-your-face nudity and social critique.

“We’re not trying to confront sexism and racism in our art collection,” he insists. “Though occasionally they intersect. Some people’s politics are other people’s aesthetics.”

And some people’s aesthetics are other people’s embarrassments. Tony’s younger brother John (yes, that John, Bill Clinton’s former chief of staff and current president of the liberal think tank Center for American Progress) dislikes his choices in art but recognizes that not everyone gets it. Says John, “I don’t think Tony knows what his art is.”

A quick Google of “Margi Geerlinks” confirms, nope, I don’t get it either.

Spirit cooking refers to “a sacrament in the religion of Thelema which was founded by Aleister Crowley” and involves an occult performance during which menstrual blood, breast milk, urine and sperm are used to create a “painting”.

According to Marina Abramovic, if the ritual is performed in an art gallery, it is merely art, but if the ritual is performed privately, then it represents an intimate spiritual ceremony.

Spirit cooking is also an “occult practice used during sex cult rituals, as explained in the book “Spirit cooking with essential

Probably nothing, but let's continue. That's "Lady Gaga" with Abramovic at a "Spirit dinner."

Abramovic was paid \$10,000 by the Clinton Foundation for one of her "performances."

Following the "Pizza" chain

"John — Hosting pizza party at Belmont for HFA on April 10.

"In 2012 Harris was Vice President for Democracy, Rights and Justice at the Ford Foundation. **One of the issues she addresses through her position is the problem of child brides.** Harris grew up in the San Francisco Bay Area. When she was eight, **she and her sister worked to get the apartment building they lived in to open an unused courtyard as a place for children to play.**"

Maya Harris's sister is Kamala Harris.

Now, this is likely nothing. Turns out this pizza party was advertised online and was going to be held at John Podesta's home. Unlikely he's referring to any illicit when it's publicly advertised right? Are we back to normality?

The weird thing though is that the pizza chef is a guy [who was blackmailed of 850G's](#) on the threat of releasing "derogatory" information about him.

But it gets weirder.

He talks about cooking in strange ways. But sometimes when he says cooking, we know he means either things. Take "Spirit Cooking". This is something he seems to enjoy with his friends.

She's looking forward to doing this with Podesta and maybe his brother.

"Dear Tony, I am so looking forward to the Spirit Cooking dinner at my place. Do you think you will be able to let me know if your brother is joining? All my love, Marina"

Warning its weird. <https://www.youtube.com/watch?v=3EsJLNGVJ7E>

That's not all. There is another email here about pizza. It is in regards to a jpg picture in the attachment.

"re: pizza.jpg" – "Nice"

"As John said, it doesn't get any better than this"

<https://wikileaks.org/podesta-emails/emailid/10037>

So the picture is of pizza AND a child (and two women). This gets us nowhere? Or somewhere?

Well, it turns out "pizza" is internet slang for child sex. It started out as child porn = cheese pizza and then became just "pizza" in some circles.

So who are the two women in the picture of the little girl, with the pizza?

They were [Laura Ling and Euna Lee](#) who were arrested in North Korea while reporting on *sex trafficking*. They were freed and must have taken this picture. But how come the second we get away from sex trafficking we are right back to it?

This links the phrase "pizza" with child sex trafficking through their own emails.

That pizza party image is cc'd to both Huma Abedin, and Zach Shwartz of Shangri-La Entertainment. Shangri-La Entertainment is owned by [Steve Bing](#), major Democratic party donor, friend of both Bill Clinton and the famous Hollywood madam and procurer of sex, [Heidi Fleiss](#).

Who went to go pick these women up during their report on sex trafficking? Bill Clinton and Steve Bing.

"On August 5, 2009, a 737 private aircraft owned by Stephen Bing and based out of hangar 25 at the Burbank airport in Southern California, was utilized in the return of American reporters Laura Ling and Euna Lee who had spent 5 months of a 12-year sentence in North Korea.[7] Former President Bill Clinton was instrumental in their return, and accompanied the reporters back to the U.S. Bing reportedly covered the cost of the entire flight, estimated to be around \$200,000.[8]"

<http://www.thedailybeast.com/articles/2010/03/30/steve-bing-takes-a-hit.html>

Now why did Bill Clinton make it such a high priority for him to go to North Korea personally to get these women back? Or rather, *what did the North Koreans have on Bill that made him jump to their command?*

Lets keep looking.

I don't even know what to think of this one, also from the Sandler Foundation. My god. I know John Podesta does cook but what are we supposed to think about this? Playing dominos on cheese? WTF??

"John.

I think you should give notice when changing strategies which have been long in place. I immediately realized something was different by the shape of the box and I contemplated who would be sending me something in the square shaped box. Lo and behold, instead of pasta and wonderful sauces, it was a lovely, tempting assortment of cheeses, Yummy. I am awaiting the return of my children and grandchildren from their holiday travels so that we can demolish them.

Herb.

Ps. Do you think I'll do better playing dominos on cheese than on pasta?"

Kadzik Unfortunately, Peter Kadzik goes to Tony Podesta's "birthday party" before the "Pizza Extravaganza." Kadzik is there, along with Alefantis, and so on.

James Alefantis

Comet Ping Pong owned by James Alefantis, once listed 49th “most influential” person in DC by GQ:

James Alefantis – caught in love triangle with chief of Media Matters (A left wing attack organization which also looks to be money laundering,) David Brock (a paranoid who rambles about right wing hit teams, and is allegedly open with his coke use

Media Matters chief David Brock paid William Grey (Alefantis's boyfriend) \$850,000 after being threatened with

damaging information involving the organization's donors and the IRS – a deal that Brock later characterized as a blackmail payment.

Brock accused William Grey of making repeated threats to **expose him** to the “scorn or ridicule of his employees, donors and the press in demanding money and property.”

We recently found the Instagram account of James Alefantis

Full album: <https://sli.mg/a/gaffhM>

The contents of it are indescribably bizarre and the contexts of the posts and comment chains are weird. Alefantis does not have any children nor do his closest associates, but the photos seem to be a near constant assortment of different children of a variety of ages, intermingled between posts about gay bars, clubs, photos of common rape drugs, and piles of foreign currency. After it being trawled through for 24 hours it has been set to private. A large set of archived copies can be seen here in the next section. Similarly the instagram and twitter accounts of Comet Ping Pong are being edited selectively. The accounts of the people favoriting and commenting on these posts are equally bizarre in both content, context, and demeanor.

Haiti

"According to my reporting, the week of April 13th, the DynCorp regional commander from Kunduz, Flint Chambers, allowed his men to hire a 15-year-old boy dancer to do tribal dances at a DynCorp party on the training site. Some 15 or so DynCorp employees in attendance pulled out a single chair and had the boy do mock lap dances. This was captured on video. The video shows DynCorp employees putting dollar bills in the boy's waistband, just as they would a stripper's garter. The revelry lasted about 45 minutes."

This is sent directly to Hillary Clinton from Cheryl Mills who is one of her big time lawyers. Why would a LAWYER be messaging Hillary this if she didn't have direct ties to DynCorp?

I did some investigating into DynCorps and... they were involved in a sex scandal slavery in Bosnia in 1999. "its employees accused of rape and the buying and selling of girls as young as 12." [Quote from article.]

They have a long history of this. In 2005 the Chicago Tribune accused the government of covering up child trafficking.

According to this Portuguese article Hillary is in favor of DynCorp.

In her emails there is another about "inappropriate behavior by department contractor."

Talking more about DynCorp. DynCorp is known for a gross history of sexual assault. The CEO is Lewis Von Thaer. But the parent organization of DynCorp? Cerberus Capital Management.

Hillary Clinton has ties to both Cerberus and DynCorp. Cerberus gave \$40,628 to her campaign.

The state department lost \$1 billion dollars and DynCorp is to blame.

What is ironic is they appointed Jack Lew (Hillary's right hand man, according to the article) to look into it. DynCorp has a history of stealing money. "1991 State of the Nation It appears that DynCorp broke the original investigation on this. DynCorp was the accountant for roughly \$2.7 trillion missing 1991-2001. Also missing in 1996 or 1997; \$60 billion missing out of HUD. DynCorp appears to be the accounting division of the US government these days." [

Hillary covered up for DynCorp.

1. The Washington Post wrote about it to her.
2. Later they publish a story saying the DynCorp employee was fired and no mention of the boy.
3. Nothing ended up being done

And here are the "sensitive but unclassified" documents from her emails.

What is most disgusting is we now know Hillary has covered up for Weiner texting an underage girl and

Laura Silsby's crew of kidnapping children from Haiti for trafficking.
